REMARKS

The above amendments are being made in order to eliminate multiple dependency and improper multiple dependency in the international application, as well as reduce the number of claims, before nationalization in the United States. Should any multiple dependency remain, that is unintended, and the Patent and Trademark Office is requested to cancel any claims remaining in the application other than claims 27-46 newly set forth above before calculation of the application filing fee.

Examination of the application on its merits is awaited.
